Saba Naz

Junior AI Engineer Intern | Frontend & AI-Focused Developer

Fatehpur, Punjab, Pakistan | sanaz8760307@gmail.com | GitHub: devv-SabaNaz | LinkedIn: Saba Naz

PROFILE

Early-career developer pursuing a BS in Data Science, with a recent AI-focused frontend internship at FlyRank AI and hands-on projects built with Next.js, React, TypeScript, Tailwind CSS, the AI SDK and Gemini. Built CareerCraft AI, an AI-powered career assistant with a streaming chat interface, and a portfolio of responsive web projects deployed on Vercel and GitHub Pages. Daily user of AI tools including ChatGPT, Claude and Gemini, practised in prompt engineering, JavaScript and responsive web development, with Python fundamentals (functions, data structures, OOP), basic knowledge of AI/ML concepts, REST APIs and JSON, and Git/GitHub workflows. Keen to grow into LLM applications, AI agents and agentic workflows.

EXPERIENCE

Front-end AI Engineer Intern | *FlyRank AI*

Jul 2026 – Aug 2026 · Remote

JavaScript • Frontend Development • AI-Powered Web Experiences

Remote, AI-focused frontend internship with mentorship and practical, hands-on learning, working on frontend and AI-related project tasks.

- Completed a mentored AI-focused frontend internship combining structured learning with project work.
- Built JavaScript-based frontend features and worked on AI-related project tasks.
- Practised responsive web development and building user-facing web experiences.
- Completed hands-on exercises on frontend development and AI-powered user experiences.

PROJECTS

CareerCraft AI | *AI Career & Portfolio Assistant*

Live demo

Next.js • React • TypeScript • Tailwind CSS • AI SDK • Gemini

AI-powered career and portfolio assistant that presents skills, education, projects, experience and certifications through an interactive chat interface.

- Built a streaming chat interface in Next.js with TypeScript and Tailwind CSS.
- Integrated a Gemini-based assistant using the AI SDK, with responses streamed into the browser.
- Deployed the application on Vercel with a public live demo.

Saba Naz Portfolio | *Personal Website*

Live demo

Personal portfolio website presenting my profile, skills and selected projects.

- Designed and built the portfolio and published it on Vercel and GitHub Pages.

Brew & Bloom Café | *Responsive Website*

Live demo

HTML • CSS • Flexbox • CSS Grid

- Created a café-themed website focused on clean layouts, styling and a consistent experience across screen sizes.
- Published the site on Vercel and GitHub Pages.

Currency Converter | *Web Application*

Live demo

- Developed a currency-conversion web project and deployed it on Vercel.

Ledgerly | *Freelancer-Invoicing SaaS Landing Page (Concept)*

- Built a multi-section responsive landing page with testimonials, pricing cards, FAQ, call-to-action, footer and metadata.

Additional Frontend Practice Projects | *JavaScript & UI*

- Saba's Bloom: interactive "Find Your Bloom" quiz-style website (live).
- Modern Calculator: browser-based calculator demonstrating interface design and JavaScript interaction (live).
- Tic Tac Toe game and Analog Clock built as interactive frontend practice projects.

SKILLS

- Prompt Engineering
- AI-Powered Web Apps
- AI SDK Integration
- Streaming Chat UI
- Daily AI Tool Use
- Frontend Development
- Responsive Design
- Component-Based UI
- Cross-Device Layouts
- Landing Page Design
- Semantic HTML
- Accessible Markup
- CSS Variables
- Interactive UI States
- REST APIs & JSON
- Python Fundamentals
- AI/ML Fundamentals
- Git & GitHub
- Web Deployment
- Tailwind CSS

TECH STACK

Languages: JavaScript, TypeScript (project use), Python (basics: functions, data structures, OOP), HTML5, CSS3
Frontend: React.js, Next.js (project use), Tailwind CSS, Flexbox, CSS Grid
AI & LLM: ChatGPT, Claude, Gemini (daily use), Prompt Engineering, AI SDK, AI/ML Fundamentals (basics)
APIs & Data: REST APIs, JSON (basics)
Currently Learning: LangChain, LangGraph, AI Agents, n8n workflow automation
Cloud & Deployment: Vercel, GitHub Pages
Development & Collaboration: Git, GitHub

EDUCATION

BS Data Science | *Virtual University of Pakistan* — *In Progress · 3rd Semester*

LANGUAGES

Urdu — Native • English — Proficient
